Dear Sir,

Ms Liz Barber of the Mental Health Complaints Commissioner's office claims that there exists an "objective reason" in Dr Yonchev's response to me of 05/04/2017 for his refusal to permit my request for me to return to my 2012 level of medication which was made at the start of 2017. Ms Liz Barber's logic is faulty to claim that any reason supplied in Dr Yonchev's response apply to the request that I made at the start of 2017.

Please point out to Ms Liz Barber the faults of her logic and instruct her to ask her original question of Dr Yonchev again and again and again until he answers it.

The Australian Health Practitioner Regulation Agency has delegated the task of getting Dr Yonchev, to provide an explanation for his offending behavior, to the MHCC as my original complaint went to the MHCC.

Yours sincerely,

David Crofts.
