<https://www.youtube.com/watch?v=kVxiXs6wF5I> Mark Taylor is a Columbine survivor who became a whistle blower after he discovered that his assailants were raped, sodomized, and given mind altering drugs which may have contributed to their insanity in carrying out the massacre. Mark Taylor also brought a suit against the big pharmaceutical companies and won! Additionally, Mark blew the whistle early in the Columbine investigation that

SWAT team members stationed on the roof of the high school fired into the school and may have been responsible for some of the injuries and deaths that occurred on that tragic day. Since day one, Mark has been intimidated and harassed by big-pharma corporations and police, unlawfully having his freedom taken away in 2008 when police sited a "report" that Mark intended to bomb a Border's Book Store — he visited book stores to check merchandizing and placement of the book he wrote and published. Mark Taylor was apprehended by police who could not produce a justifiable, legal reason to arrest him. On the same technicality which the US government employed to detain US Marine Brandon Raub, Mark was apprehended, institutionalized and force medicated with the same mind altering drugs he fought against on his court case. Tonight Pete Santilli interviews Donna Taylor, Mother of Columbine shooting victim Mark Taylor who was one of the most severely injured shooting victims in the tragic incident on April 20,1999. The details and facts which have been suppressed implicate members of what Pete calls the "Clinton Illuminati" in a massive government cover-up of pedophilia, sexual assault, human trafficking, and witness tampering, intimidation, forced medication & unlawful mental institutionalization. Whistleblower Mark Taylor has been institutionalized against his will in a psychiatric hospital, and force-medicated with psychotropic drugs by court order. Donna Taylor is desperately trying to have her son released from State custody, weened off the psychotropic drugs which have rendered him a virtual zombie, as well as tell the true story about the massive political cover-up of facts about the Columbine shooting. New evidence presented in this episode will shock the American public, especially when they realize that the Clinton family of Illuminati members are implicated along with their luciferian cohorts in what the listener will agree is a coverup of epic proportions. For more links and resources, please visit Episode #237 on ThePeteSantilliShow.com. **** Please help get Mark Taylor released. The best thing every listener can do is to share this episode with as many people as possible, as this is the bet method of reaching attorneys, medical professionals and political influencers who may be able to help the Taylor family. Please RECOMMEND CONTRIBUTOR and RECOMMEND STORY if you a BeforeItsNews.com reader, and of course send it to you email contacts, as well as all your Facebook and Twitter followers.

Bernard Schreiber, wrote a book entitled "Men Behind Hitler - A German Warning to the World." In this book, (which is freely downloadable on the web as a gift for humanity) his research exposes the profession of psychiatry being involved in a covert continuation of the eugenics movement. Schreiber's book is "Humbly dedicated to the memory of countless ordinary people who's lives were taken because they were considered less than perfect, and therefore, unworthy to live." www.targetedinamerica.com/menhitler.html

Psychiatric Oppression of African Americans

In a document on the "Psychiatric Oppression of African Americans" produced by the Citizens Commission on Human Rights,1 BZ is linked to experimentation on African American citizens of the U.S.: At the National Institute of Mental Health Addiction Research Center in Kentucky in the mid-1950s, drug-addicted African Americans were given LSD, with seven of them kept hallucinating for 77 consecutive days. At this same center, healthy African American men were still being used as test subjects almost 10 years later, this time for an experimental drug, BZ--100 times more powerful than LSD. This follows a long psychiatric tradition of using for experimental purposes the incarcerated, the dispossessed and others who have no voice. This first report seems to confirm the existence of BZ, its psychoactive and psychotomimetic properties, and its abuse by government agencies. However, lack of mainstream media coverage leaves one to wonder about the actual facts. One search engine, Hotbot, however, did yield further information from organizations with more established credentials. Psychotomimetic Chemical Weapons In "Psychotomimetic Chemical Weapons," The Organisation for the Prohibition of Chemical Weapons (OPCW), an international organization opposing the use of chemical weapons, describes in detail the effects of BZ as a psychotomimetic agent: This group of agents usually includes substances which, when administered in low doses (<10 mg) cause conditions similar to psychotic disorders or other symptoms emanating from the central nervous system (loss of feeling, paralysis, rigidity, etc.). The effects are transitory and cause inability to make decisions and incapacitation. Several such substances may be used to achieve these objectives and only a few examples are given here. During the 1950's, studies were made of substances such as glycolic acid esters (glycolates). Particular interest was paid to 3-quinuclidinylbenzilate, BZ. The effects of this group of substances are similar to those caused by atropine. BZ causes poisoning at doses of 0.5-5 mg. Peripheral symptoms such as distended pupils, deteriorated short-distance vision, dry mouth and palpitations occur after about 30 minutes. A serious effect of poisoning with BZ, as also with other atropine-like substances, is an increased body temperature. Deterioration in the level of consciousness, hallucinations and coma occur subsequently. Incapacitating after-effects may remain 1-3 weeks after the poisoning. Since the effect of glycolates was found to be difficult to predict, interest in continued research into this type of substance gradually decreased.

Newhaven[edit] During the late 1960s and the 1970s, Newhaven Hospital in Kew was a private psychiatric hospital owned and managed by Marion Villimek, a Santiniketan member; many of its staff and attending psychiatrists were also members.[4][8][9]

Many patients at Newhaven were treated with the hallucinogenic drug LSD.[10] The hospital was used to recruit potential new members from among the patients, and also to administer LSD to members under the direction of the Santiniketan psychiatrists Dr John Mackay and Dr Howard Whitaker.[11] One of the original members of the Association was given LSD, electroconvulsive therapy and two leucotomies, also called lobotomies, during the late 1960s.[1]

Although the psychiatric hospital had been closed down by 1992, in that year a new inquest was ordered into the death of a Newhaven patient in 1975 after new claims that his death had been due to deep sleep therapy. The inquest heard evidence concerning the use of electroconvulsive therapy, LSD, and other practices at Newhaven but found no evidence that deep sleep had been used on this patient.[12] The Newhaven building was later reopened as a nursing home with no connections to its previous owner or uses.

1:16am

Dennis Deangelo

not really i was victimised and targeted for human experimentation terminal experimentation and they covered it up

a 25 year long story here in melbourne

before that i was in the second year of a physics degree at university

1:17am

[David Crofts](#)

I do admit that they do like the medical arse is little too much !!!!

which uni ????

1:18am

Dennis Deangelo

auckland and melbourne

1:18am

[David Crofts](#)

did you complete it ?

1:18am

Dennis Deangelo

our family emigrated here from new zealand during my second year

1991

1:19am

[David Crofts](#)

did you finish your melbourne studies ?

1:20am

Dennis Deangelo

nope i was induced into a tortured schizophrenic state by them psychiatry in a stay in a psych ward the real situation is i was secretly drugged into a paranoid state beforehand

1:20am

[David Crofts](#)

it only did 1/2 of my second year of physics at melbourne uni in 1980 !!!!

1:21am

Dennis Deangelo

that schizophrenic state was torture of mind body soul that got progressively worse each new day until my mind was overpowered from it no hope just pure mental torture enduring this for 25 years straight every single day

that's part of what they can do to anyone

luckily my mind did not fragment into oppressive demonic voices tormenting me because i was well read beforehand and aware of some of those issues

1:24am

[David Crofts](#)

Physics became too dis-connected from the hard real world to be understood !!!! I think when they become too theoretical they get sucked off the true foundations of physics into false hood & bullshit physics !!!! Quantum Computing for example !!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! WHAT GARBAGE !!!!

1:25am

Dennis Deangelo

some of that is occult

basically

i became christian only thing that saved me eventually

all science evolved from occultism

during the age of enlightenment occult philosophy was connected to new advanced technology it's still all the same old age occultism dressed up in modern themes

1:26am

[David Crofts](#)

I go to a church where <https://www.facebook.com/hilton.jordan.9> preaches !!!!

1:26am

Dennis Deangelo

all the various fathers of physics dabbled extensively in the occult

from isaac newton onwards

the anglican church in brunswick is overrun with secret occultists its opshop is run by witches

theosophists in the congregation the gay agenda has destroyed the anglican church

1:28am

David Crofts

I believe the concept of "MIND" is a concept that belongs in the study of Physics !!!!

1:28am

Dennis Deangelo

its all bringing in the new world order

the church is preaching a ecumenical new world order doctrine

the gay agenda is part of this

baphomet theosophists induce bisexuality in victims secretly thats part of the secret

all the main churches in australia raped and experimented on the aboriginal people satanism paedophilia is related to this

australians have a hard time admitting this

alot of society is really actually involved in all this

1:31am

David Crofts

I must admit that it is a bit gay that the HOLY FATHER worships his HOLY SON !!!!

1:31am

Dennis Deangelo

racism and superiority is also connected to this secretly

the trinity is iron clad doctrine if youre going to attack real christians like me then ill have to block you

children of occultists in the church are trauma based mind control victims on remote control

1:33am

[David Crofts](#)

WHAT IS "HOLY SPIRIT" ??? "HOLY SEMEN" ???

ok

only the indwelling of GODS HOLY SPIRIT CAN COMFORT HEAL AND INSPIRE TEACH US

basically

thats what ive found

the sin of the church is for the exclusive advantage of those who believe !!!!
