Dear Sir/Madam,

Thank you for your ticket informing me of the danger of financial injury associated with parking in the vicinity of the enclosed sign.

Please allow me to keep your ticket as it will serve as a valuable reminder of the dire consequences of parking in the vicinity of one of these signs again.

A cursory glance at the enclosed sign indicated to me that someone was trying to warn me that cars with permits tend to cluster around this sign.

It was not clear to me that other cars were forbidden. Also it was not clear to me that being an authorized road user did not mean my car was permitted.

If I through my actions I have caused anyone distress please send me information on how I can compensate them in person.

I am an invalid pensioner visiting my psychiatrist, and I can't afford to pay.

Yours sincerely,

David Crofts
