**FW: RE: I am being demanded to perform an act of contradiction before the M.H.R.B.**

**ATTN :- 17819 :- FOI Requester Satisfier**

When it comes to upper-world fantasies on the number 90,

You would do well to obey IBM, as they came a long time ago :-

I demand, you purchase, a 30-90,600-E !!!!

(((( The fact it cost \$5,000,000 is beside the point !!!! ))))

If you had used a 3090 mainframe complex to store my medical records;  
Only two options would have been presented to the problem of :-

How long will it take to RAM "his-entire-data-set" through "a-photo-copier" ????

And this 90 number is a number of "minutes" OR "years" !!!!

Hi,

Thank you for your legal advice.

Southern Health has provided the advice that my requested information will be sent to me in approximately 90 days, which is double the legally dictated maximum anyone is supposed to have to wait for gratification under F.O.I. law.

As discussed; if I am not in receipt of my requested data inside 45 days, I will report them to :-

<http://www.foi.vic.gov.au/home/freedom+of+information+commissioner/>

Thank you again.

Sincerely,

David Crofts.

MELBOURNE Victoria 3000  
Australia

**ATTN :- Barbara Shalit**

Dear Madam,

Rather than facilitating my "major" gratification;  
by the providing to me of some "minor" gratification;

( the satisfying of my legal right to have a MHRB hearing date  
( served UP to me on a plate. ));

the medical profession has taken the only remaining path;  
that it felt; left open to it, and provided “no gratification”  
through the ir-responsible removal of Dr Preston’s  
certifying documents.

The players in this legally sanctioned game are all well identified,  
and my requested documents are similarly well identified.

My original FOI request is not a joke, and I do not withdraw it !!!!

The satisfying of my request, will perform the valuable service,  
of forcing the medical profession inside,  
an even more narrowly defined window of time,  
in which they must operate; and if they are to maintain  
even the slightest degree of understanding, that  
they are in fact responding to a patient’s needs;  
they must remain so confined.

Please inform the southern health, FOI unit, on my behalf,  
that its legal responsibilities are not to be lightly disregarded.

Sincerely,

David Crofts.

Are you now tempted to divide your time frame in-two-quarters,  
or will you try-out, another double on me ????

Dear Sir/Madam,

**RE :- The basis for the judgment that I should suffer certification !!!! :- FOI Request # 17819 !!!!**

I understand that if you do not satisfy my FOI request inside 45 days  
you will be in breach of the legislation which establishes your office.

So please make all necessary attempts to comply with your legal obligations as  
90 days is not acceptable.

Yours sincerely,

David Crofts.
