Please let us all agree here that primarily the reversing here needs to be forced upon the medical profession and the M.H.L.C. is clearly charged with this task.

How can this happen when even the M.H.L.C. can only sinfully grizzle how badly reverse funding hurts !!!!

When you have a C.T.O. nailed through your heart, a bit of reverse funding is the only thing that will make you feel better !!!!

When it comes to stabbing things through the heart, someone better take hold of the handle and apply a little reverse funding of their own !!!!

Dear Attorney-General,

I am most concerned that an important avenue of appeal open to those wishing to proclaim that they know better than another person ( including a medical professional ) what is best for themselves, when it comes to an individuals God given right to self-determination, is about to close.

I feel that the Mental Health Legal Centre Inc. must be properly funded or there will be no just counter to stop the medical profession from abusing its position of privilege.

Please provide the direct response promised to me by Ben Gullquist of

the Department of Premier and Cabinet.

Sincerely,

David Crofts.

P.S.

Attached are all my relevant documents I possess regarding this matter to date.

My appeal to the Premier of Victoria :-

Dear Denis Napthine,

Please exert your influence as Premier upon the Victorian Legal Aid Office and do your best to prevent the closure of the Mental Health Legal Centre Inc. through the ensuring that they get their necessary funding. I believe that the MHLC is essential to make the medical profession accountable under the law.
