If it were not for all of those "other" anti-popes, lying their faith for the greater of good of all (their faithful), when a pope gets "up" he would have to immediately step "down" again, like been-a-fucked-a-pope the sixteenth The "other" (false) "true" pope who is actually in the real-vati-cunt city !!!!

The current, hopefully innocent (not an accidently elected anti-pope (false-pope)) currently resides in the real-and-true-vati-arsehole !!!! I have a problem knowing whether it is good or bad to have the innocent-popes outnumber the anti-popes !!!!
